Timidus is a very special arctic hare. While all the other hares in his colony are alarmed at the slightest noise, Timidus is curious and boisterous. Nobody rides their snow board as fast as him! Nobody goes as far away from the rabbit hole as he does! But not everybody is impressed with his character - and so Timidus has to leave the colony in order to protect the other hares.

While Timidus is still brooding over how to get back to his friends, he stumbles across a lynx girl called Yakuu. Compared to Timidus, she is rather the quiet and careful type, but they become friends right away. Soon after, they cross paths with a rather clumsy fellow, the mouflon Rappadam. Together, the three friends try to solve the mystery of the troublemaker who is plying their dreadful trade in the forest...
