Man ist der kleine Hund endlich wieder am Bauernhof angekommen.  
 Hier warten schon die Gänse und die „schwarzen Schwäne“, ruft sie  
 zum Frühstück an. „Sitzt du mit uns auf?“  
 Und das, nicht der kleine Hund zu gern.  
 Baldspäher mag er am liebsten.

Auf der Wäldchen trifft der kleine  
 Hase den Rehkitz.  
 „Wie geht es dir am Freitag?“  
 „Freut er riesig.“  
 „Aber nicht die Beine.“ „Ich mag die Wälder  
 durch die Büsche.“  
 Die Wälder im Frühling immer besonders schön.“

- Interactive with riddles and tasks
- Witty text with cool illustrations by Thorsten Berger

Eventually he ends up in a very thorough history book. But the magic some-how messed with the content of the book... and it has all come to life! Follow Snuphuluzius XVII through the different chapters of history and ensure his survival. A fun interactive story with lots of humour, puzzles and riddles. # Get wet with these sea friends

- ▮ Fantastic beings and an exciting scenery: ideal gift for fans of adventure
- ▮ Short chapters in an easy to read font
- ▮ Action-packed and beautifully illustrated by Timo Grubing

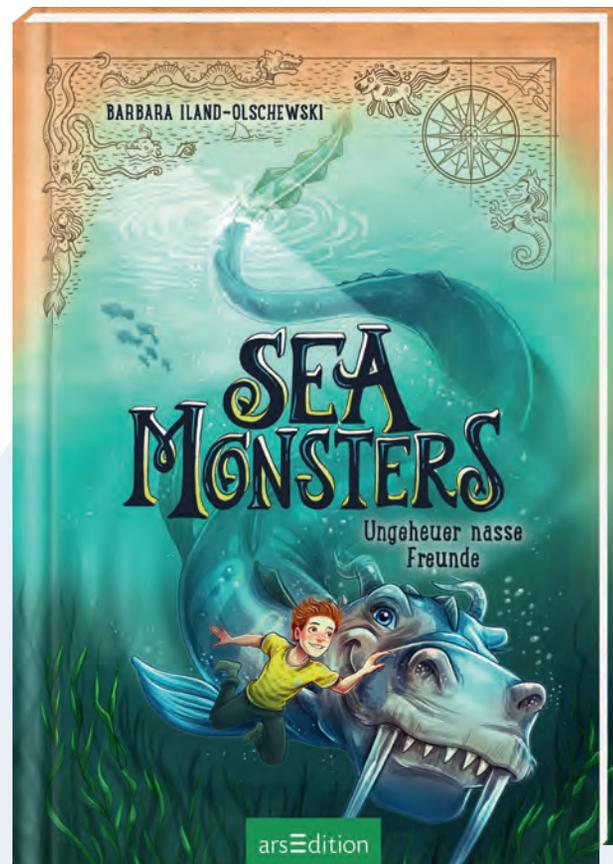

Life is nowhere as exciting as on the island Haimsend, where real sea monsters are living in the coastal waters. Finn and his friends have become friends with seadragon Big Ben and other incredible marine animals. Still, Finn wants to know more about life underwater. When he finds a hidden recipe in his ancestor Rosie McLus' notebook, he's excited: allegedly, it's supposed to be used for breathing underwater! While Finn goes deeper and deeper into the secrets of the ocean, a new guest arrives on the island: former tv-moderator Freddy Bleach doesn't seem to have good intentions for the island and its inhabitants. Too bad that Finn is far too distracted to notice.

# Love and chocolate are in the air

- A recipe for the perfect summer: adventure, first love and a bit of magic - and all of it's happening in Paris!
- "Emily in Paris" meets "Chocolat" for everyone who loves stories sweet like chocolate
- A hilarious story about friendship written in short chapters with cute illustrations

14-year-old Mila has a special gift: she gets scent visions - that means that whenever she smells chocolate, she can see little extracts of the future. What she doesn't foresee is the fact that she will be assigned to the son of the French president during a student exchange with a school in Paris. What an adventure! Not just because Louis is quite cute, but also because the Elysée Palace smells of chocolate all day long, so Mila has strange visions in her head that she doesn't understand. To make matters worse, the President is unwell and Mila is suspected of having something to do with it. Then Mila discovers a magic book with magical chocolate recipes and references to a so-called chocolatier's circle. Does that mean that there are other scent-seers? And what is it about the French Prime Minister who behaves so suspiciously and is always surrounded by an unpleasantly bitter scent?
